All Hospital Directors, Medical Superintendents, and Consultants supervising Inter Medical Officers,

Online awareness session on Internship Training Programme for those who are currently supervising Intern Medical officers in Sri Lanka.

To enhance the effectiveness of Internship training, the Sri Lanka Medical Council (SLMC) has organized an upcoming online awareness session tailored for Heads of Institutions and consultants who are currently engaged in supervising the Intern Medical Officers.

The SLMC has recently released essential guidelines on downloadable forms for the Intern Medical Officers to use. The reporting process has now been streamlined through electronic means. (<https://slmc.gov.lk/en/internship-process>)

This workshop aims to make the Heads of Institutions and the supervisory consultants aware of the new developments that are critical in the management aspects of the Internship program. Sri Lanka Medical Council hopes to conduct this workshop lasting only for one and half hour (1½) hour (11.00 am -12.30 pm). However, to accommodate all the consultants and the Hospital Directors, the Sri Lanka Medical Council hopes to repeat the program on two different days.

This program is planned to be conducted on 04 December (Wednesday) from 11.00 am to 12.30 pm and the same program will be repeated during the same time on the next day 05 December 2023 (Thursday).

You are kindly requested to inform the Sri Lanka Medical Council about your preferred date through the Google form in the attached link <https://forms.gle/yw9dZRkcuwsGaGsy7> so that the Zoom link can be shared.
