Subject: Matchless business opportunity for Sri Lanka

*Dear H.E. Ms. Senewiratne,
Greetings*

We all know that Digital Health continues to lead the transformation of healthcare by increasing access, reducing the cost, and improving the quality of care. With COVID-19, the acceleration towards the transformation has gathered unprecedented pace. On 4th and 5th October 2024, we are hosting the Global Digital Health Summit getting the world's top leaders and solution providers who are driving the digital transformation of healthcare. This is a matchless opportunity for your country to:

1. Feature the innovations from companies in Sri Lanka
2. Opportunity to set up country pavilion to host providers from your country and meet up with potential clients, local distributors and collaborators
3. Find solutions that can help your country's healthcare system
4. Hold meetings with potential providers and leaders coming from across the globe
5. Update your knowledge on how technology is disrupting healthcare and who are the leading solution providers and disrupters
6. Seek investments in your country and consider investing in India

Due to the limited number of stalls/delegates passes left, we encourage you to let the companies of your country to apply before 31th August 2024.

For more details, visit: www.globalsummit.health or reach out to us at +91-9911100334 or office@globalsummit.health.

Looking forward to your positive response.

*With warm regards,
Rajendra*
